March 2010 Community Update GlassFish Roadmap

The GlassFish Gang – today with

Adam Leftik, Alexis Moussine-Pouchkine, John Clangan, Eduardo Pelegri-Llopis
Live twittering via #glassfish

The following is intended to outline our general product direction. It is intended for information purposes only, and may not be incorporated into any contract. It is not a commitment to deliver any material, code, or functionality, and should not be relied upon in making purchasing decisions.

The development, release, and timing of any features or functionality described for Oracle's products remains at the sole discretion of Oracle.

ORACLE®

Our History So Far...

- *Apr 20th* – Oracle and Sun Announce Acquisition
- *Jul 16th* – Shareholders Approval

- *Feb 15th* – LEC/legal entity combination
- *Mar 22nd* - GlassFish Roadmap Details

ORACLE®

Angst / FUD During Transition Period

- GlassFish will be Killed
- Will “just be the RI”
- No Clustering
- Children's Edition
- Oracle Does Not Understand Open Source
- No Open Source Binaries
- Only Oracle Committers

Transition was Quiet Period but Now...

ORACLE®

No more FUD!

- Oracle committed to the GlassFish community
- No changes to operation of GlassFish OSS
- GlassFish remains transparent and participatory
- GlassFish strengthened by Oracle stewardship
- Customer and community driven product roadmap

ORACLE®

GlassFish Community Still Growing! Oracle Wants it to Grow!

ORACLE®

Community Mail Traffic: Users+WebTier
