SOUNDCLOUD

Share Your Sounds

Capture a voice, moment or music in seconds or upload audio you've already created.

Everyone has sounds to share. Now you can share yours.

Take the tour or check our mobile apps

Create Original Sounds

Easily record and upload music and audio. See your sounds come to life in our unique waveform player.

Share With The World

Share your sounds to sites and social networks. Connect SoundCloud with hundreds of apps to share everywhere.

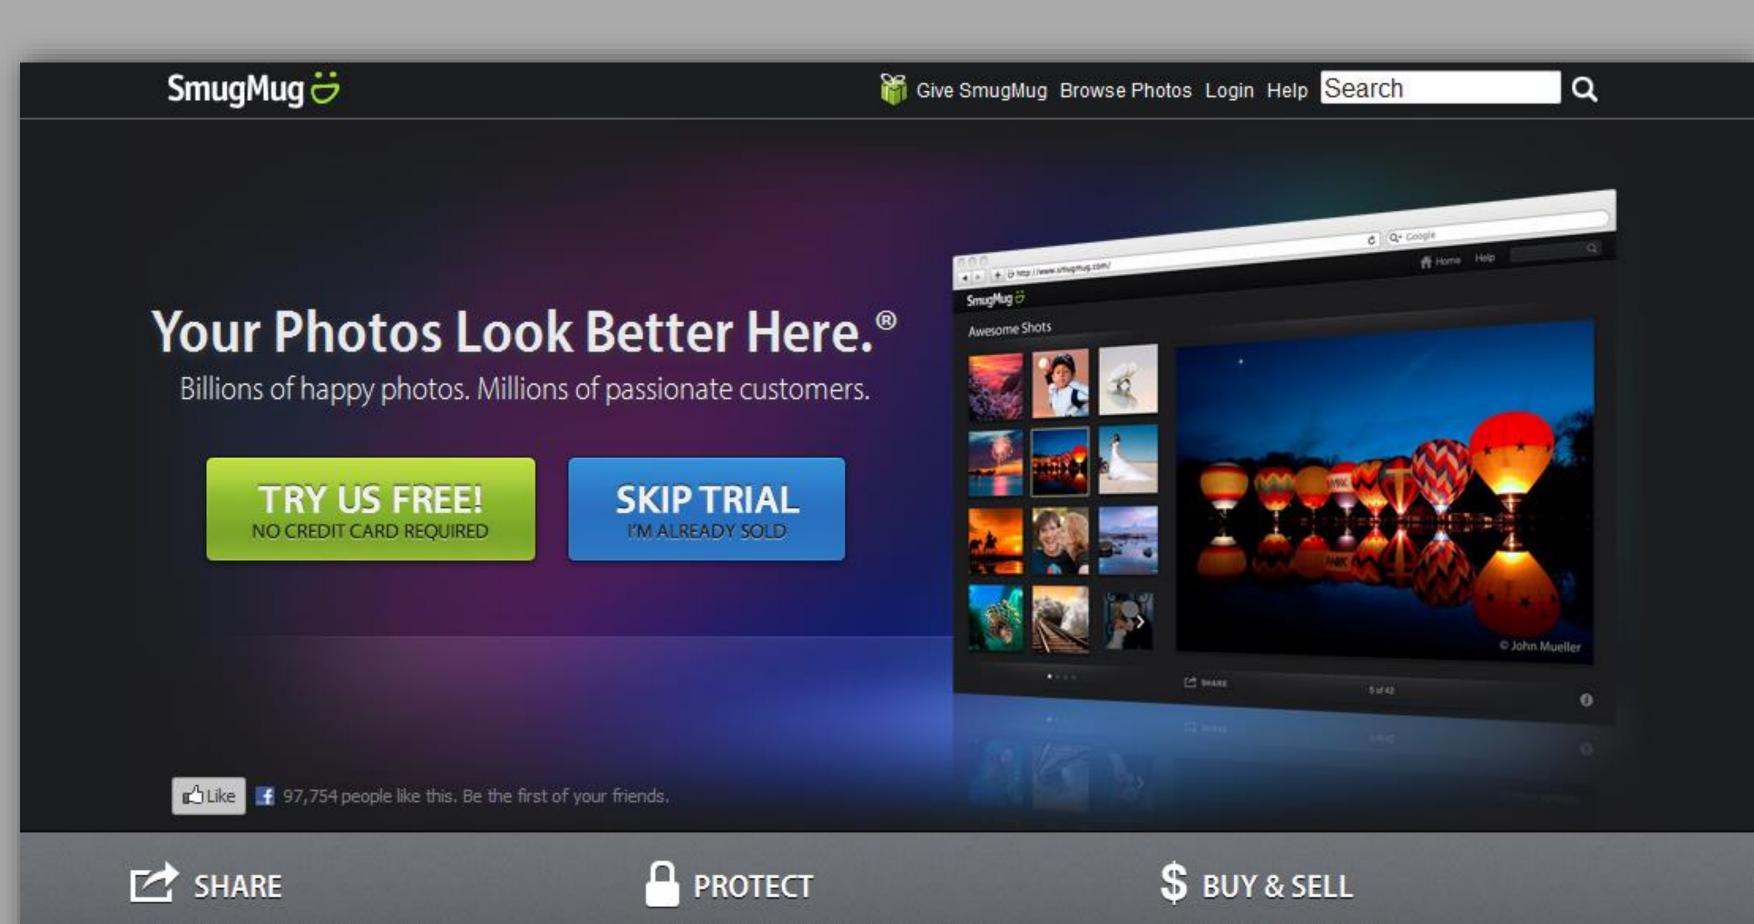

Connect With People

Find and follow friends to share sounds with each other. Add comments and likes to everyone's sounds too.

- Publish to Facebook & Twitter
- Share photos via email

Beautiful

- Embed them on blogs, forums, & more
- Unlimited photo and video backups
- Advanced privacy options
- Watermarking for piracy prevention

- The best prints & gifts
- Your account pays for itself
- Promotions like coupons & packages

- Elastic Load Balancing

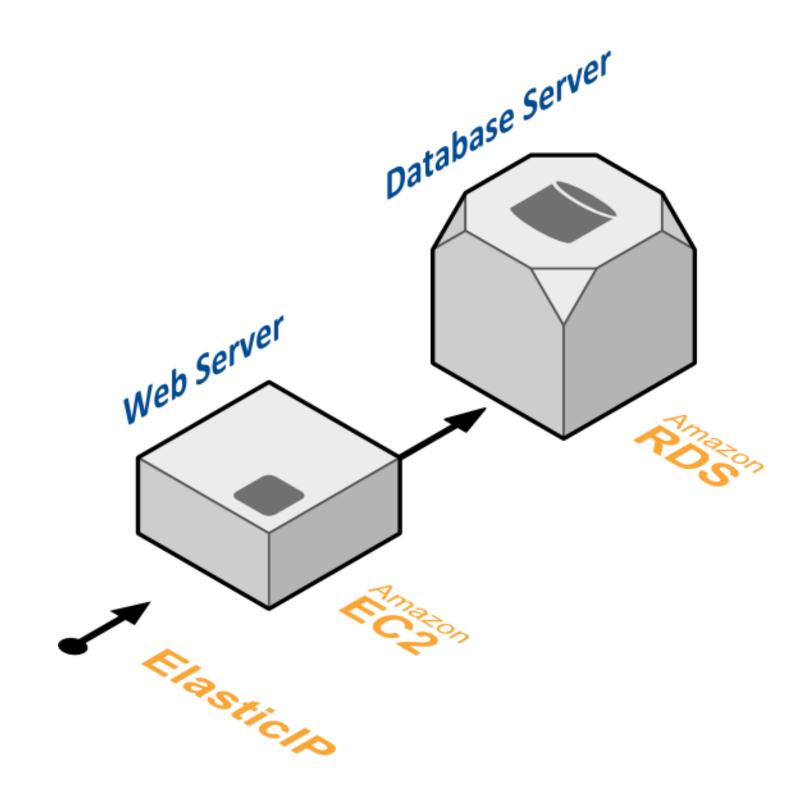

- AWS IAM
- AWS Elastic Beanstalk
- Amazon ElastiCache
- Amazon EMR
- Amazon CloudSearch
- Amazon Redshift
- Amazon Kinesis
- Amazon Cognito
- Amazon AppStream
- Amazon CloudSearch

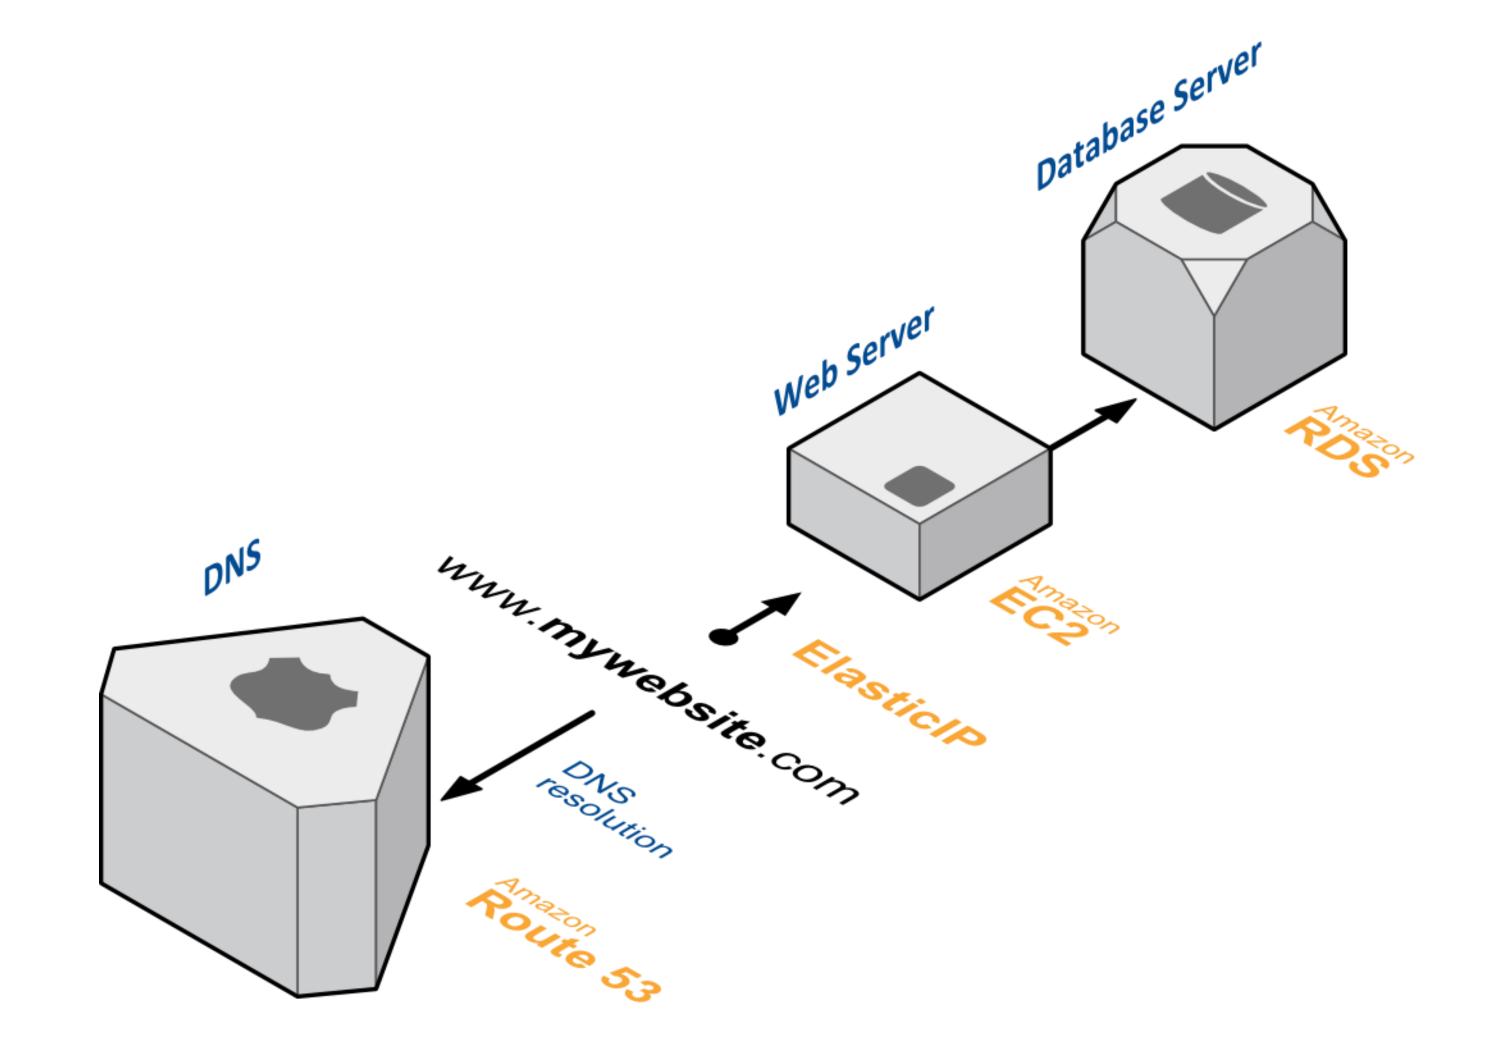

Fault-Tolerant with the right architecture

- Amazon EC2
- Amazon EBS
- Amazon RDS
- Amazon VPC

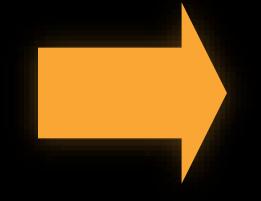

DESIGN FOR FAILURE

« Everything fails all the time »

Werner Vogels
CTO of Amazon

YOURGOAL:

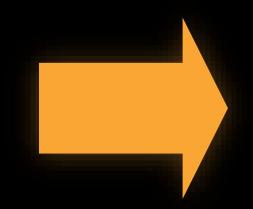

Applications should continue to function even if the underlying physical hardware fails or is removed or replaced

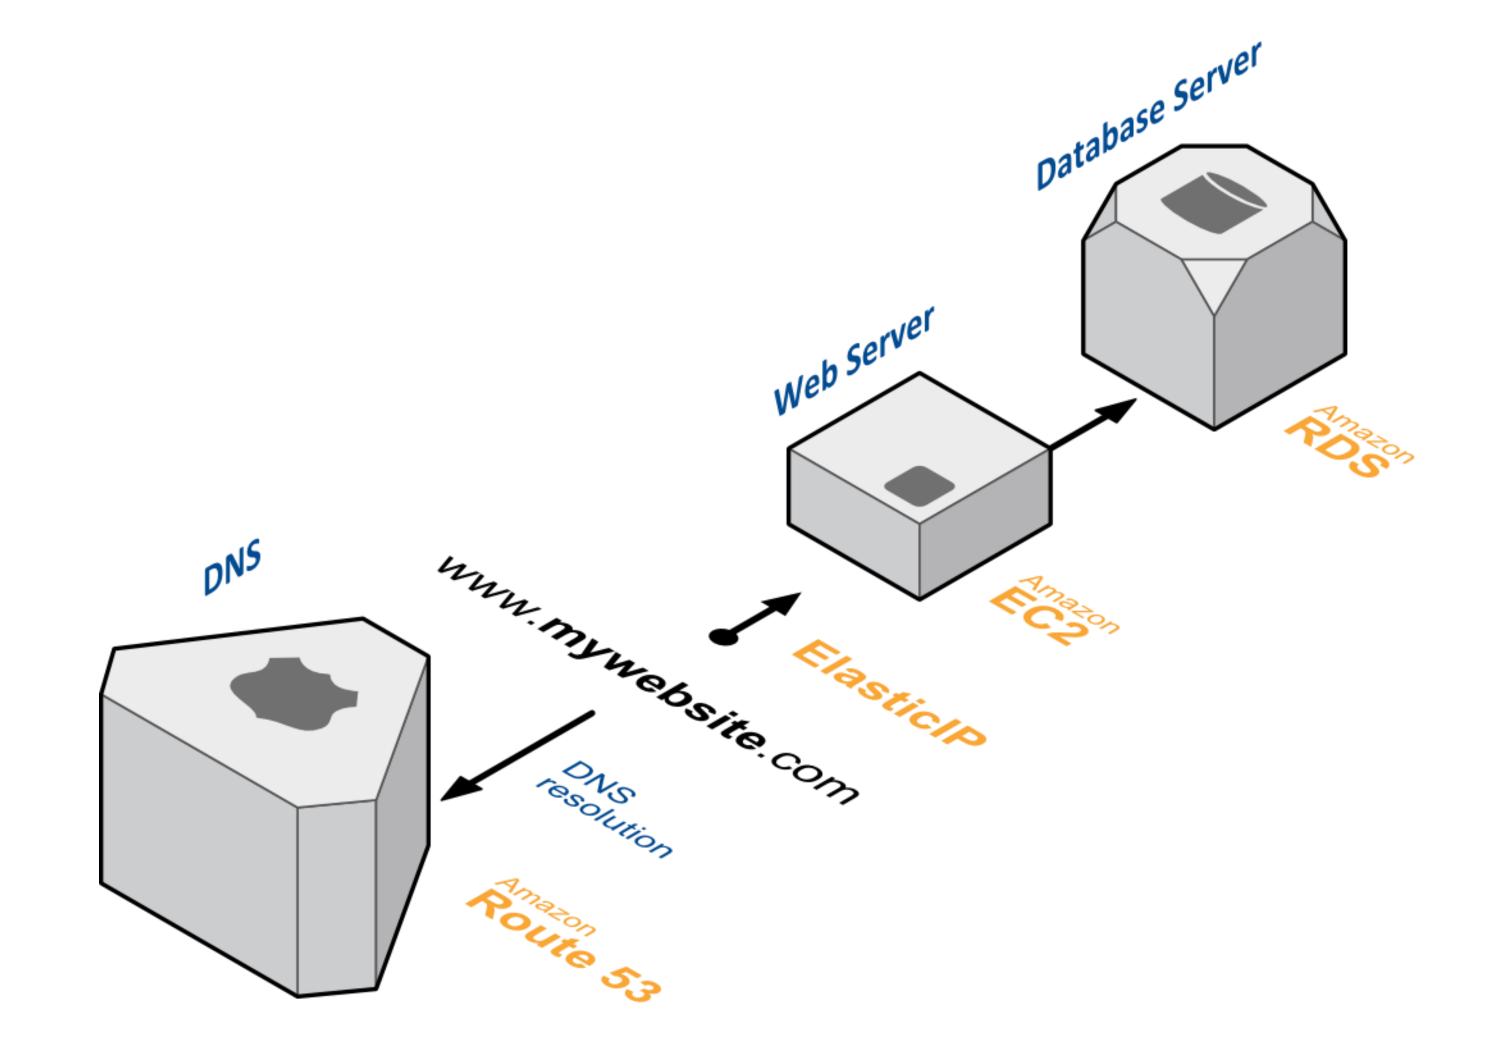

AVOID SINGLE POINTS OF FAILURE.

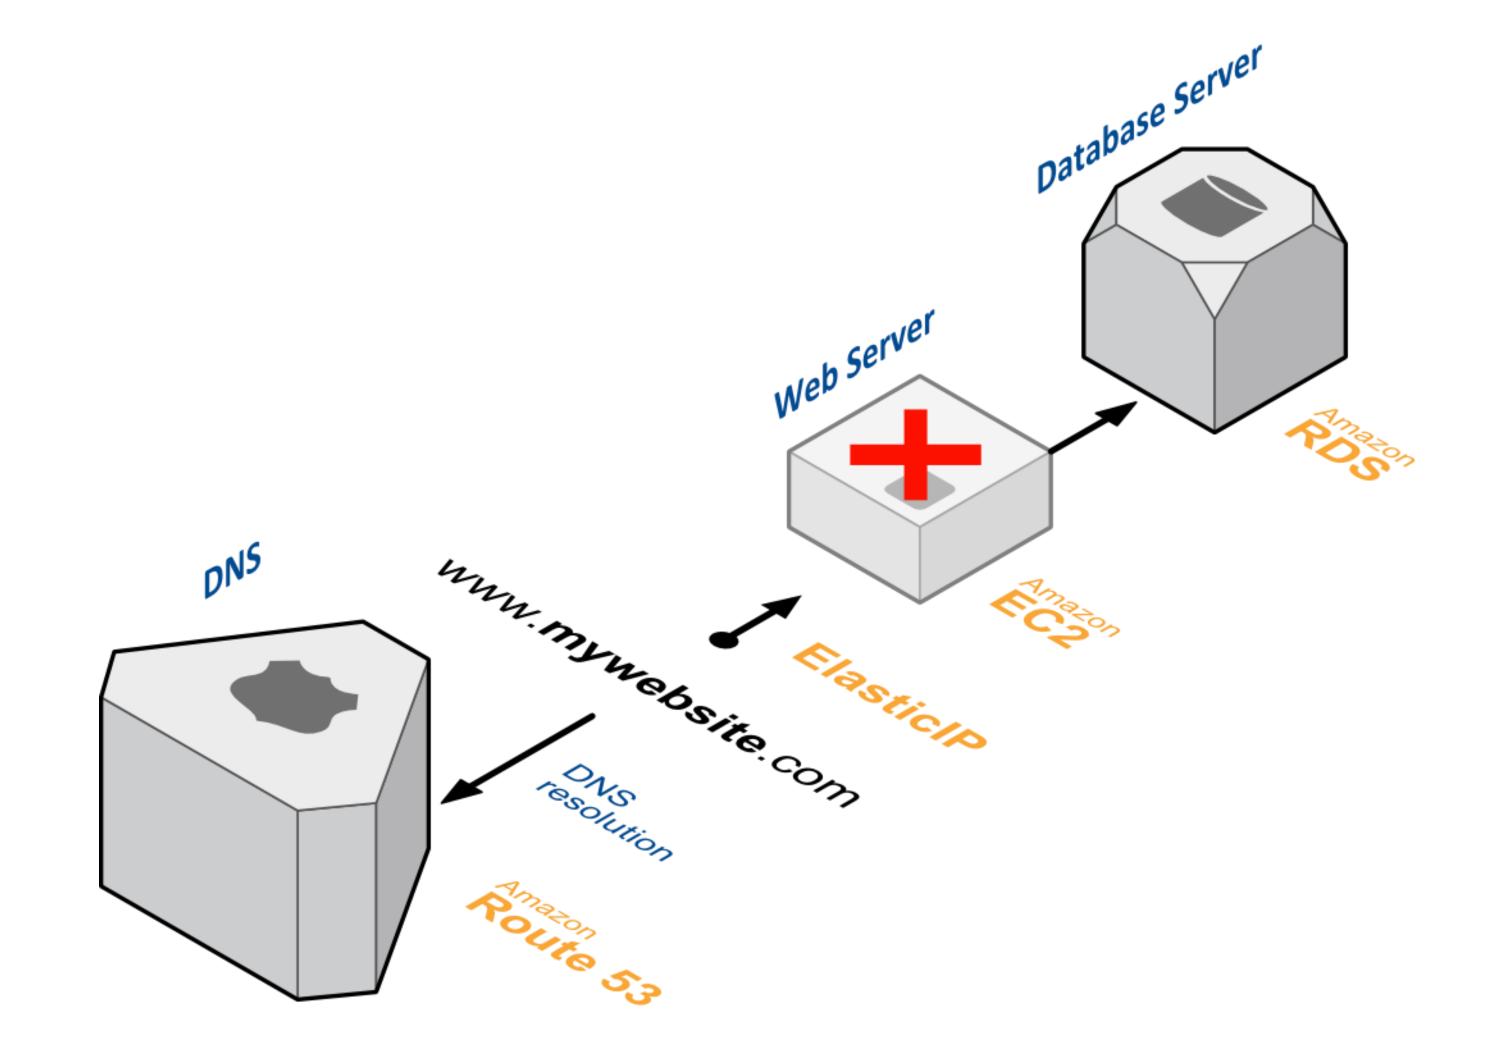

ASSUME EVERYTHING FAILS, AND DESIGN BACKWARDS.

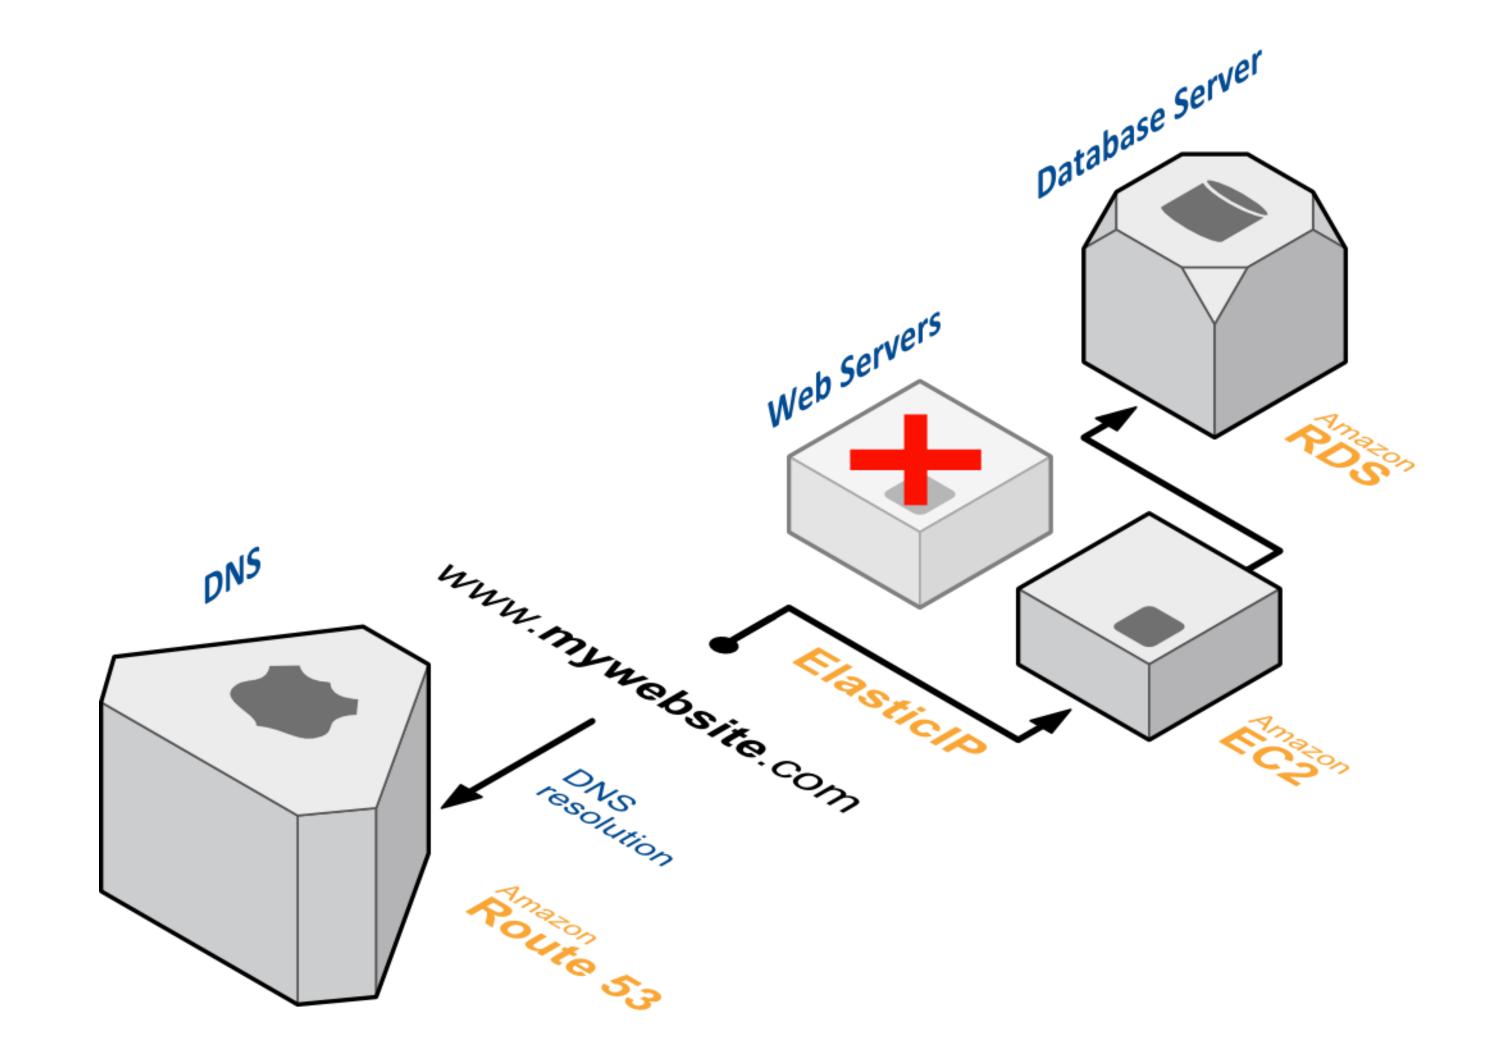

AVOID SINGLE POINTS OF FAILURE.

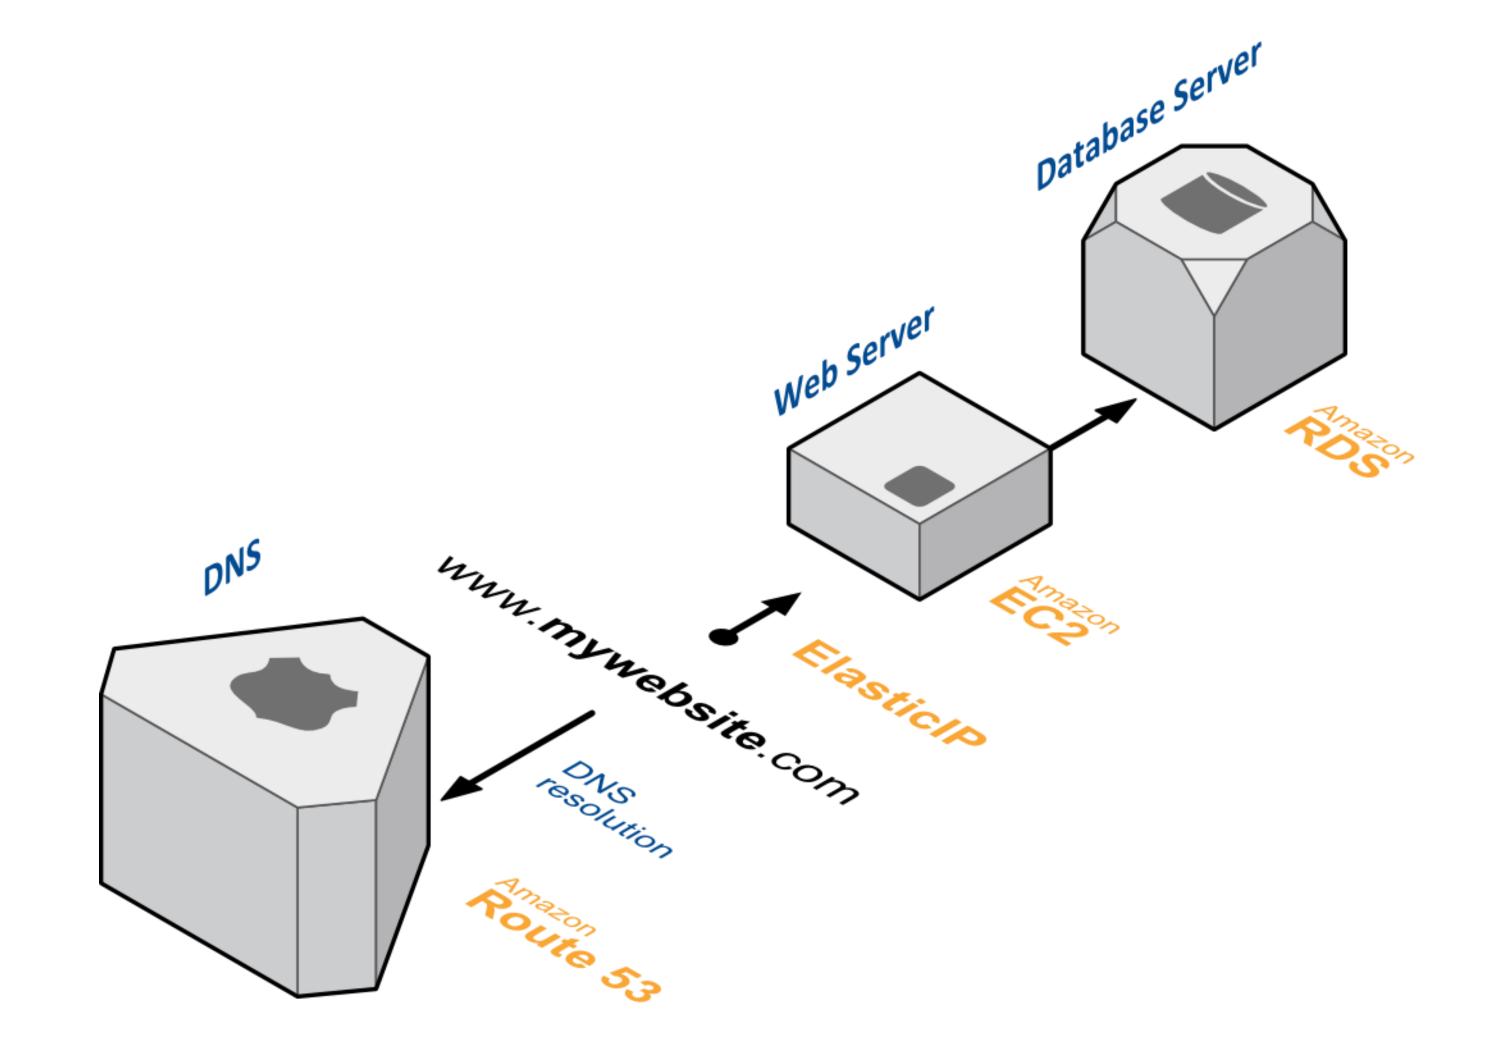

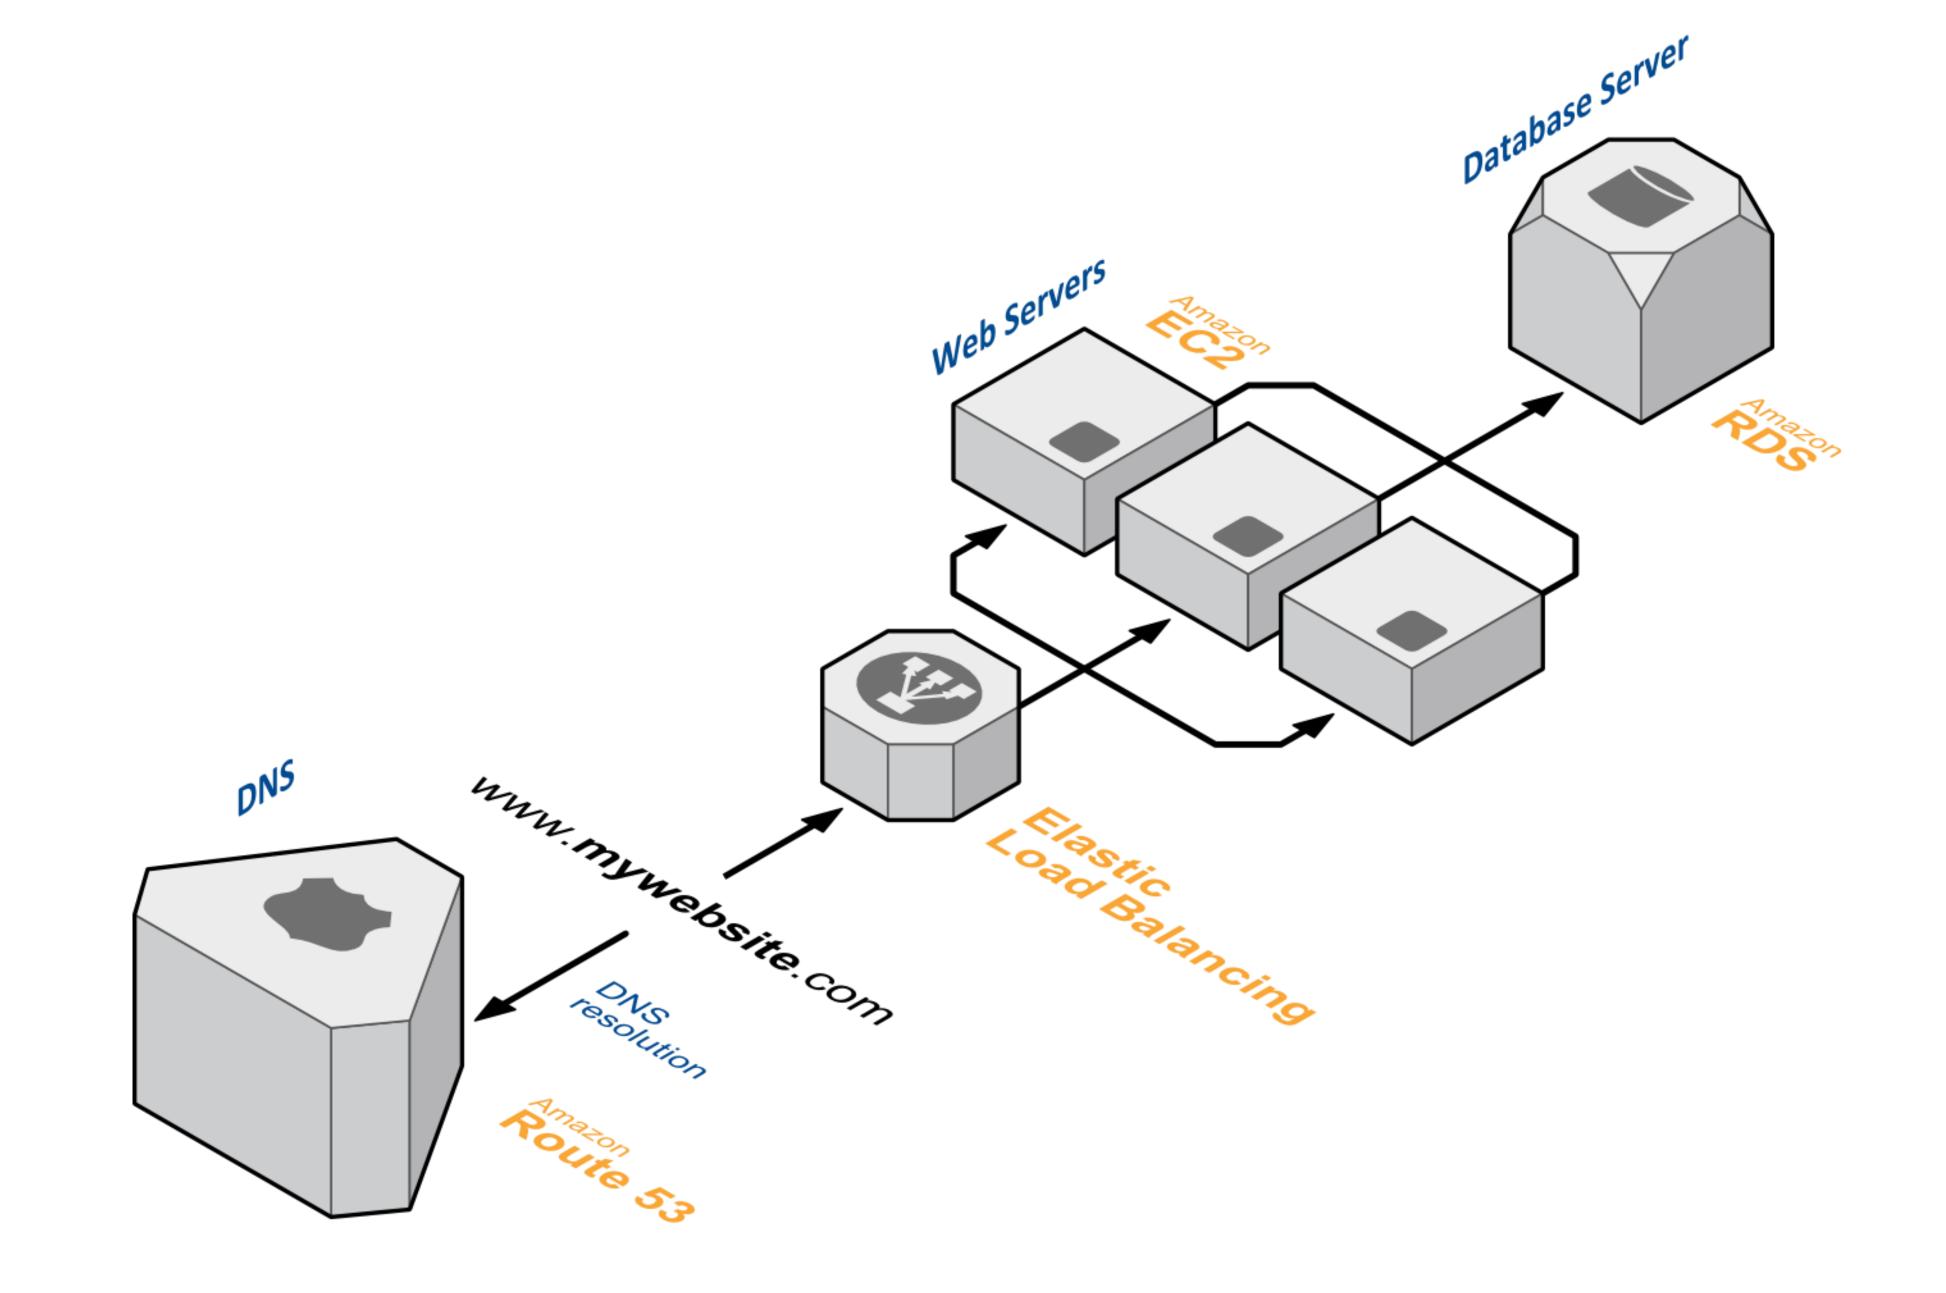

ASSUME EVERYTHING FAILS, AND DESIGN BACKWARDS.

Push-button deployments wit

30, 2013 January 30, 2013

TL;DR: Thanks to an Arduino, an Ardu eBay, LEDs from Fry's, and SmugMug's deployment web app, we've created a push-button deployment process that looks like this:

- HTTP://SORCERY.SMUGMUG.COM/
 - System Status
 - Heroic Help
 - Our StackExchange
 - Digital Grin Photography Forum
 - Our Wiki
 - The SMUGs Blog
 - Don MacAskill's blog (our CEO)

Recent Posts

- Push-button deployments with Arduino
- Scaling Puppet in EC2
- Speeding up SmugMug Search
- Using HTML5's Fullscreen API for Fun and Profit
- Deriving JSON types in Go
