Why to be involved?

- ▶ To move the entire Java ecosystem forward
- ▶ To contribute your code and knowledge in Java platform
- ▶ To be at the forefront of new technology
- ▶ To acquire new knowledge
- ▶ To be more recognizable in Java world
- ▶ Have fun!

How do we started?

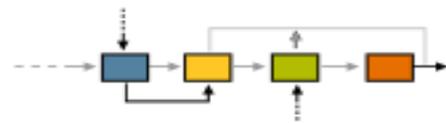

- ▶ Decided inside JUG what JSRs to support
- ▶ Joined mailing list for JSON-B spec work
- ▶ Created GitHub repo as sandbox for our experiments and shared doc for collaboration on open questions/suggestions
- ▶ Registered on AdoptJSR page
- ▶ And started work!
