ROLES AND LANGUAGES

Auto-join for translators

Needs coordinators and reviewers

Accept new languages

Get in touch with us

TRANSLATION MEMORY

- Launchpad **suggests** translations from *any* project
- Transifex **shares** memory between *own* projects
- If `Active=Активный` in sale 7.0, it's also in account 8.0
- Gained 9% of progress on French
- Importing 7.0 terms, improved 8.0 completion by 1%

odoo

SYNCHRONISATION WITH GITHUB

- Done weekly
- No change of source terms

odoo

TX CLIENT

For mass import and synchronisation

```
$ tx pull -l fr -r "odoo-8.*"
...
$ tx push -l fr -r "odoo-8.*"
```

GITHUB AND PULL REQUESTS

ISSUES AND PULL REQUESTS

- It's the same...
- ...but we prefer PR
- Explain the bug in the PR description

> help
>
> 2. No need to create an issue if you're making a PR to fix it. Describe the issue in the PR, it's the same as an issue, but with higher priority!
>
> 3. Double-check that the issue still occurs with the latest version of Odoo (you

odoo

SIGN THE CLA

- Corporate or Individual?
- odoo.com/cla#faq
- ⬤ odoo/odoo/blob/8.0/doc/cla/{i,c}cla-1.0.md
- Runbot checks email (`git config user.email`)
- Required to be able to publish under LGPL in 9.0

odoo

HOW TO MAKE A *GOOD* REPORT AND FIX?

- Check Guidelines @ ⌗ odoo/odoo/wiki/Contributing
- How to reproduce on standard code?
- Explain **why** and not just **what**
- Give the business process leading to the issue
- Submit for lowest version

odoo

TECHNICAL DOCUMENTATION

- Available @ odoo/odoo/blob/8.0/doc/
- Published nightly to odoo.com/documentation
- Written in rst
- Needs to be completed (setup, security deployment...)

odoo

WHAT AND WHERE?

What	7.0	8.0	9.0
Bug fix	✓	✓	✓
Localisation	✓	✓	✓

Payment providers	✗	✓	✓
Shipping providers	✗	✗	✓

odoo

GIT(HUB) NINJA

- Clear commit message

```
[FIX] module: small description

other reason, why...
```

- **Fixes #42** in commit message
- Meaningful commits only
- Rebase code

git push -f

odoo

GOING FURTHER

How can we make contributing more efficient?

- Review days?
- Classifying issues/PR (permissions?)
- Ping on important issues
