ISUZU

---

Auto Makers Migrate to OSS and **AGL** to Accelerate Innovation

# Technological Collaboration

## Legal Collaboration

*(to safeguard freedom of action in OSS)*

- **OIN Formed in 2005 to Safeguard Freedom in OSS**
- **Procompetitive Patent Non-Aggression Platform**
- **Largest Patent Non-Aggression Cooperative in History of Tech - >2,250 current licensees**
- **Embraces Co-opetition Inherent in Tech Sector Business Models**
- **Free License to -**
  - **1,500+ patents in OIN Owned Patents Purchased at a Cost of \$95MM**
  - **Cross-license pool of “Linux System” related patents**

Leaders Acting to Safeguard Critical  
Projects & Technologies

## Toyota's Leadership Drives Growth of Patent Non-Aggression in the Auto Sector

**TOYOTA**

DAIMLER

**FUJITSU**

**JVC KENWOOD**

**Sample OIN Auto Sector Licensees**

## OIN-LF Relationship Symbiotic -

---

If you are going to participate in LF projects, then you should be part of the OIN community of licensees!

**Participation = Protection**

Thank You!
