CON5130 - London Java Community: How to Change the World

Benjamin Evans,

Trisha Gee,

Jim Gough,

Martijn Verburg,

Richard Warburton.

Agenda

- Who are we?

- What is the LJC JCP committee?

- Adopt a JSR/Adopt OpenJDK

- Open up for Questions

Who are we?

What is the LJC JCP?

- What is the JCP?

- How does the LJC contributes to ensuring that users have a voice

- What have we done?

Adopt a JSR/Adopt OpenJDK

- ## Adopt a JSR
  - Encourage JUG members to get involved.
  - Evangelise the JSR
  - Contact the spec lead and find ways to help out
  - JSR 310 - Example of a JSR that has directly benefited from input

- ## Adopt Open JDK
  - Encourage members of JUGs to get involved in the OpenJDK
  - Improving the language and the VM which we use daily!
  - To promote the OpenJDK in the wider Java Community
  - Broaden the contributors to the Open JDK

5

Open up for Questions

- Open for Questions

- Some suggested themes:
  - What have been the problems and successes?
  - What works well?
  - What definitely doesn't work?

Pre Canned Questions

- How does the LJC operate?

- What are you involved with on the EC?

- How do you make voting decisions?

- How do you capture the views of a large community?

- Can you give more detail on JSR-310 Adopt program?

- How do I run a hack day?
