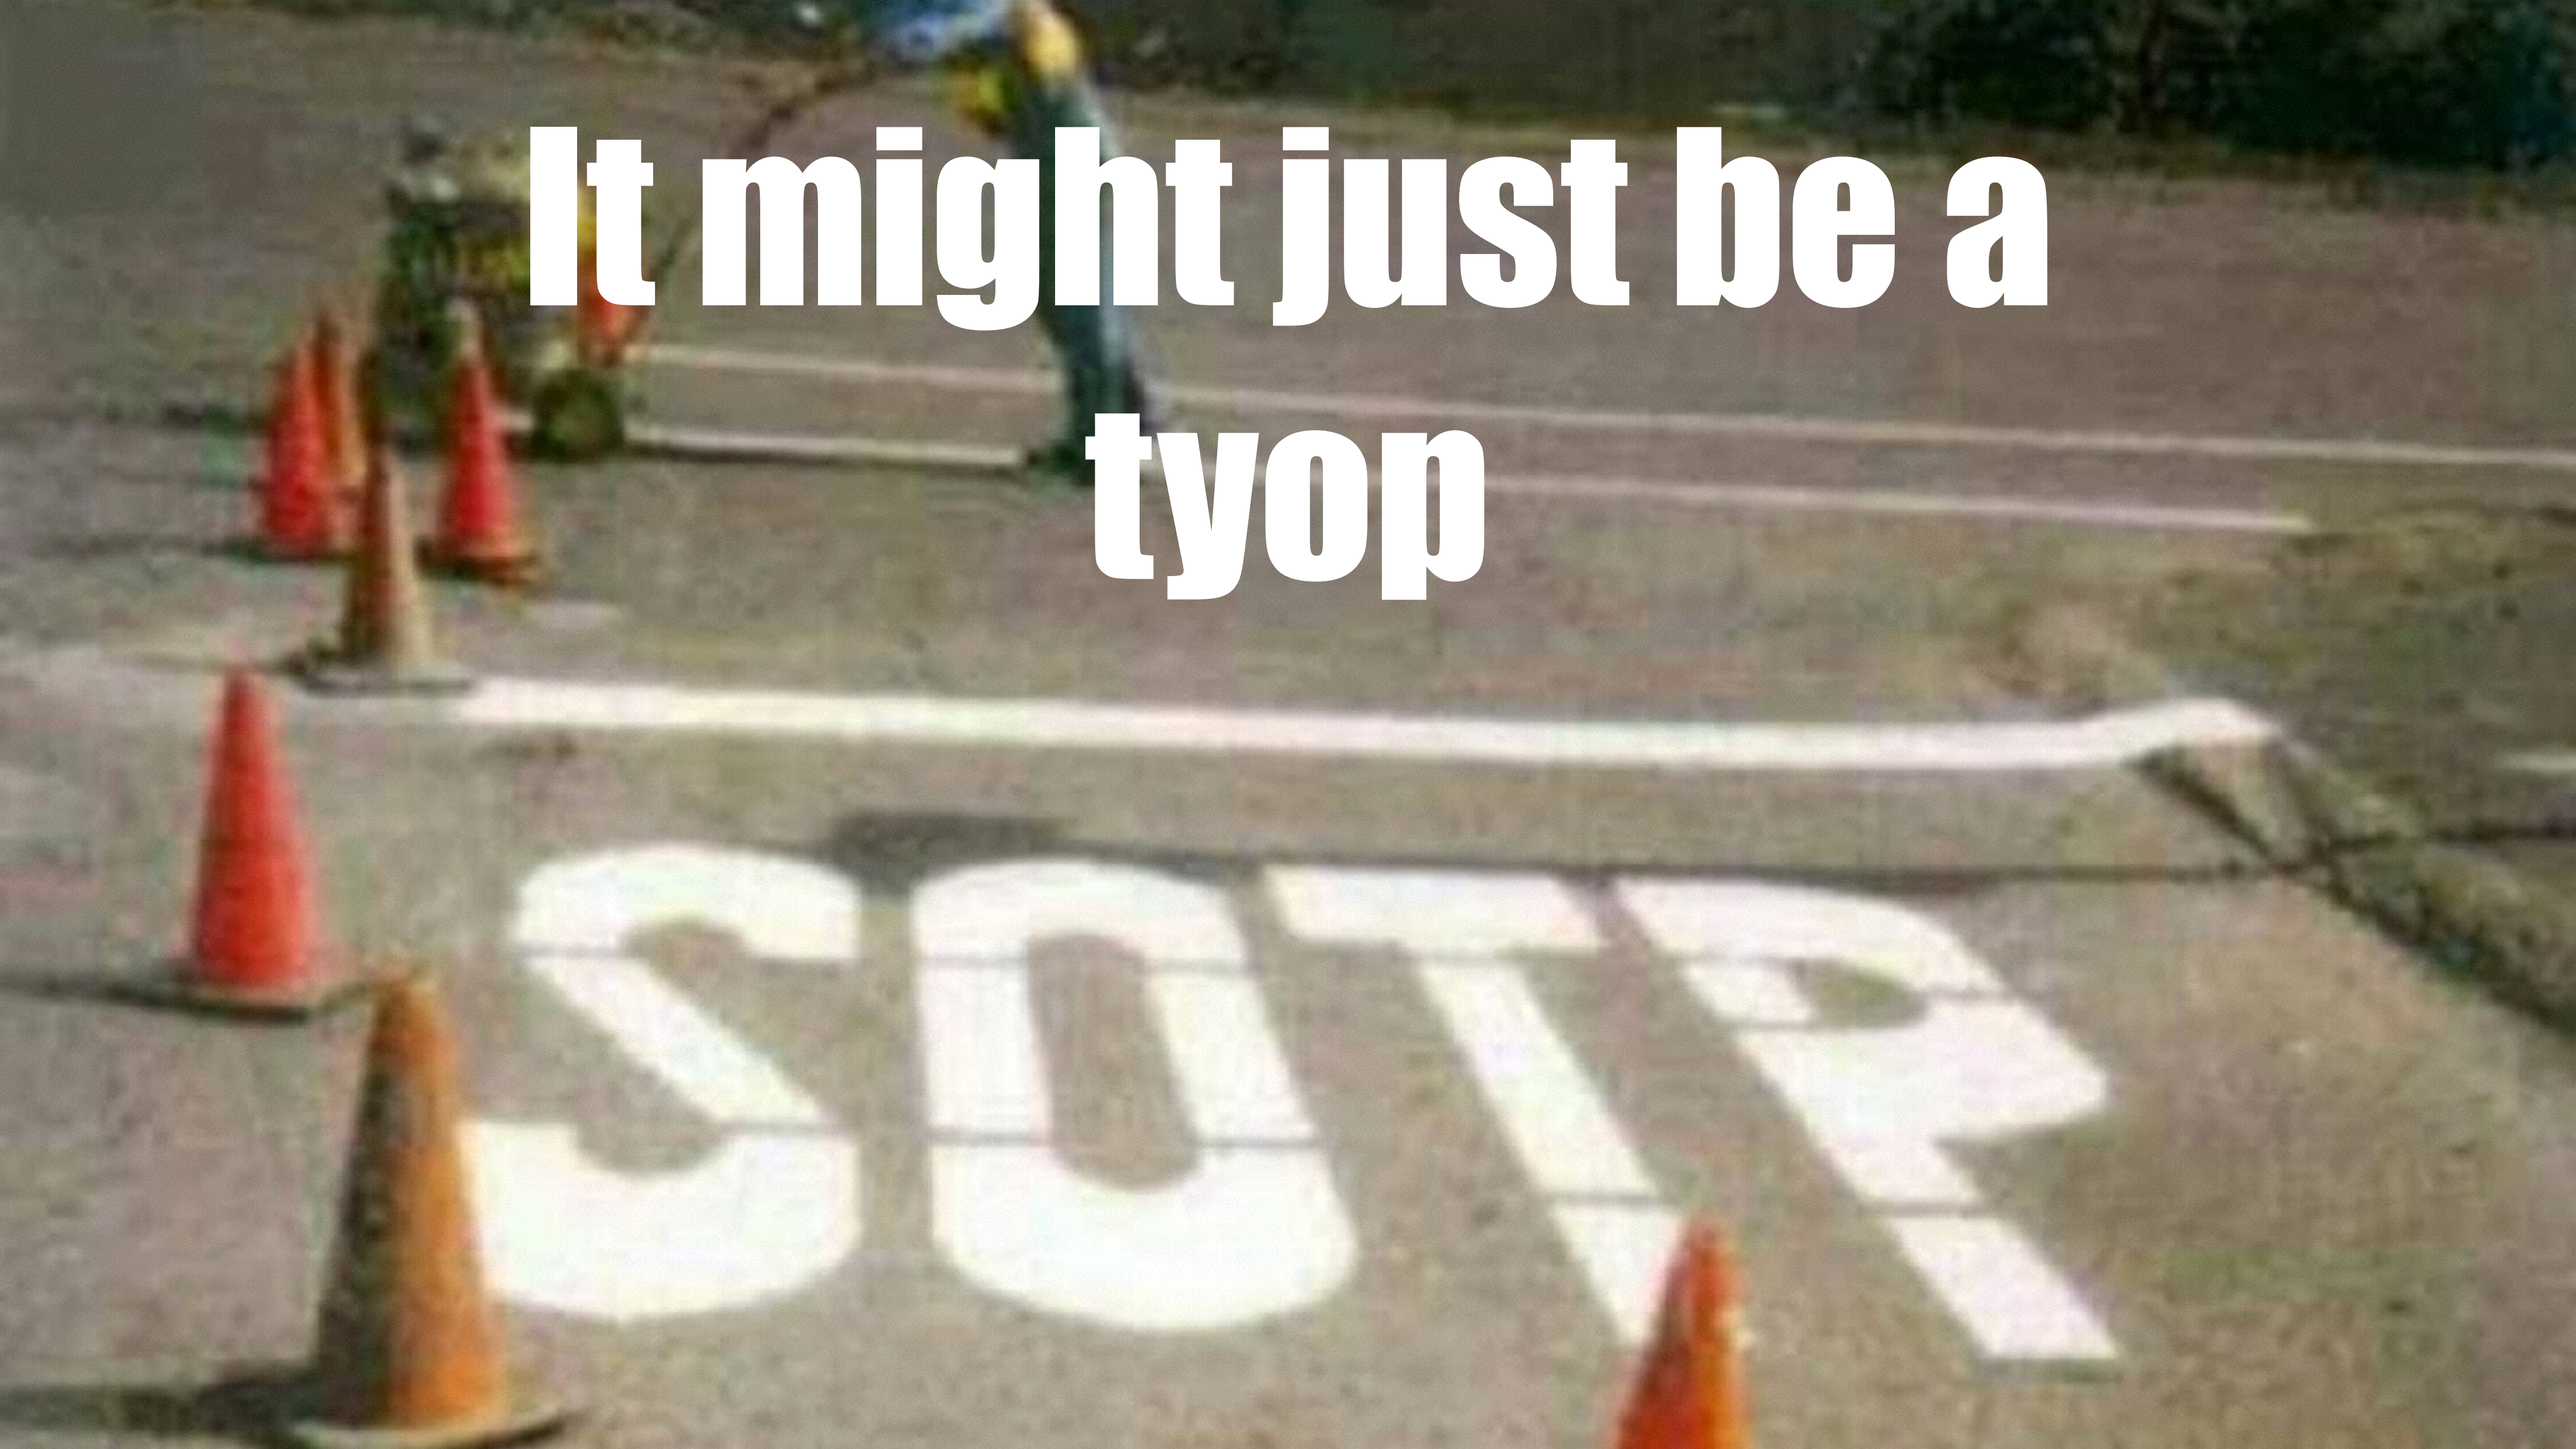
- We all enjoy to hear a good success story!
- But Software is also made up of disasters and failures
- We can learn more with each others mistakes!

- **We are kick starting this with our own stories!**
- **But, we want YOU to step in and share your story with us**
- **We have a surprise if you do!**

- **In the end we kindly ask the audience to vote for the best story**
- **We have a SURPRISE GIFT for the Winner!**

Story Time!



It might just be a
tyop

Or Valuable
Data Loss!

Sometimes
you
take risks!

Never happened
in QA before!

Integr
ation is
a cha
llenge!

You are trying to
fix a problem

But...
create another one!

And another one...

Hope this works!
