Nashorn

JavaScript on the JVM

- > <http://openjdk.java.net/projects/nashorn>
- > <https://blogs.oracle.com/nashorn>

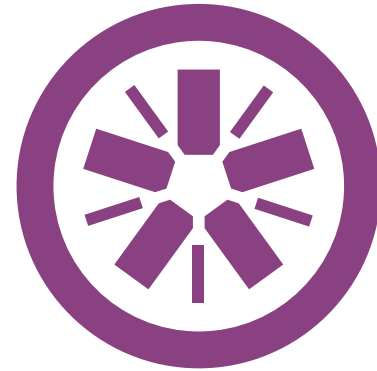

Spock Testframework

- > testing framework for Java and Groovy apps
- > beautiful and highly expressive specification language
- > JUnit runner
- > inspired from [JUnit](#), [RSpec](#), [jMock](#), [Mockito](#), [Groovy](#), [Scala](#), [Vulcans](#), and other fascinating life forms.

Jasmine

Behaviour-Driven

JavaScript

Jasmine

> <http://jasmine.github.io>

Let's see some

Code!

<https://github.com/dasniko/nashorn-spock-jasmine/>

Thank you!
Any Questions?
