

# **Development Horror Stories**

**JavaOne 2015  
BOF 3677**

- 
- **We all enjoy to hear a good success story!**
  - **But Software is also made up of disasters and failures**
  - **We can learn more with each others mistakes!**

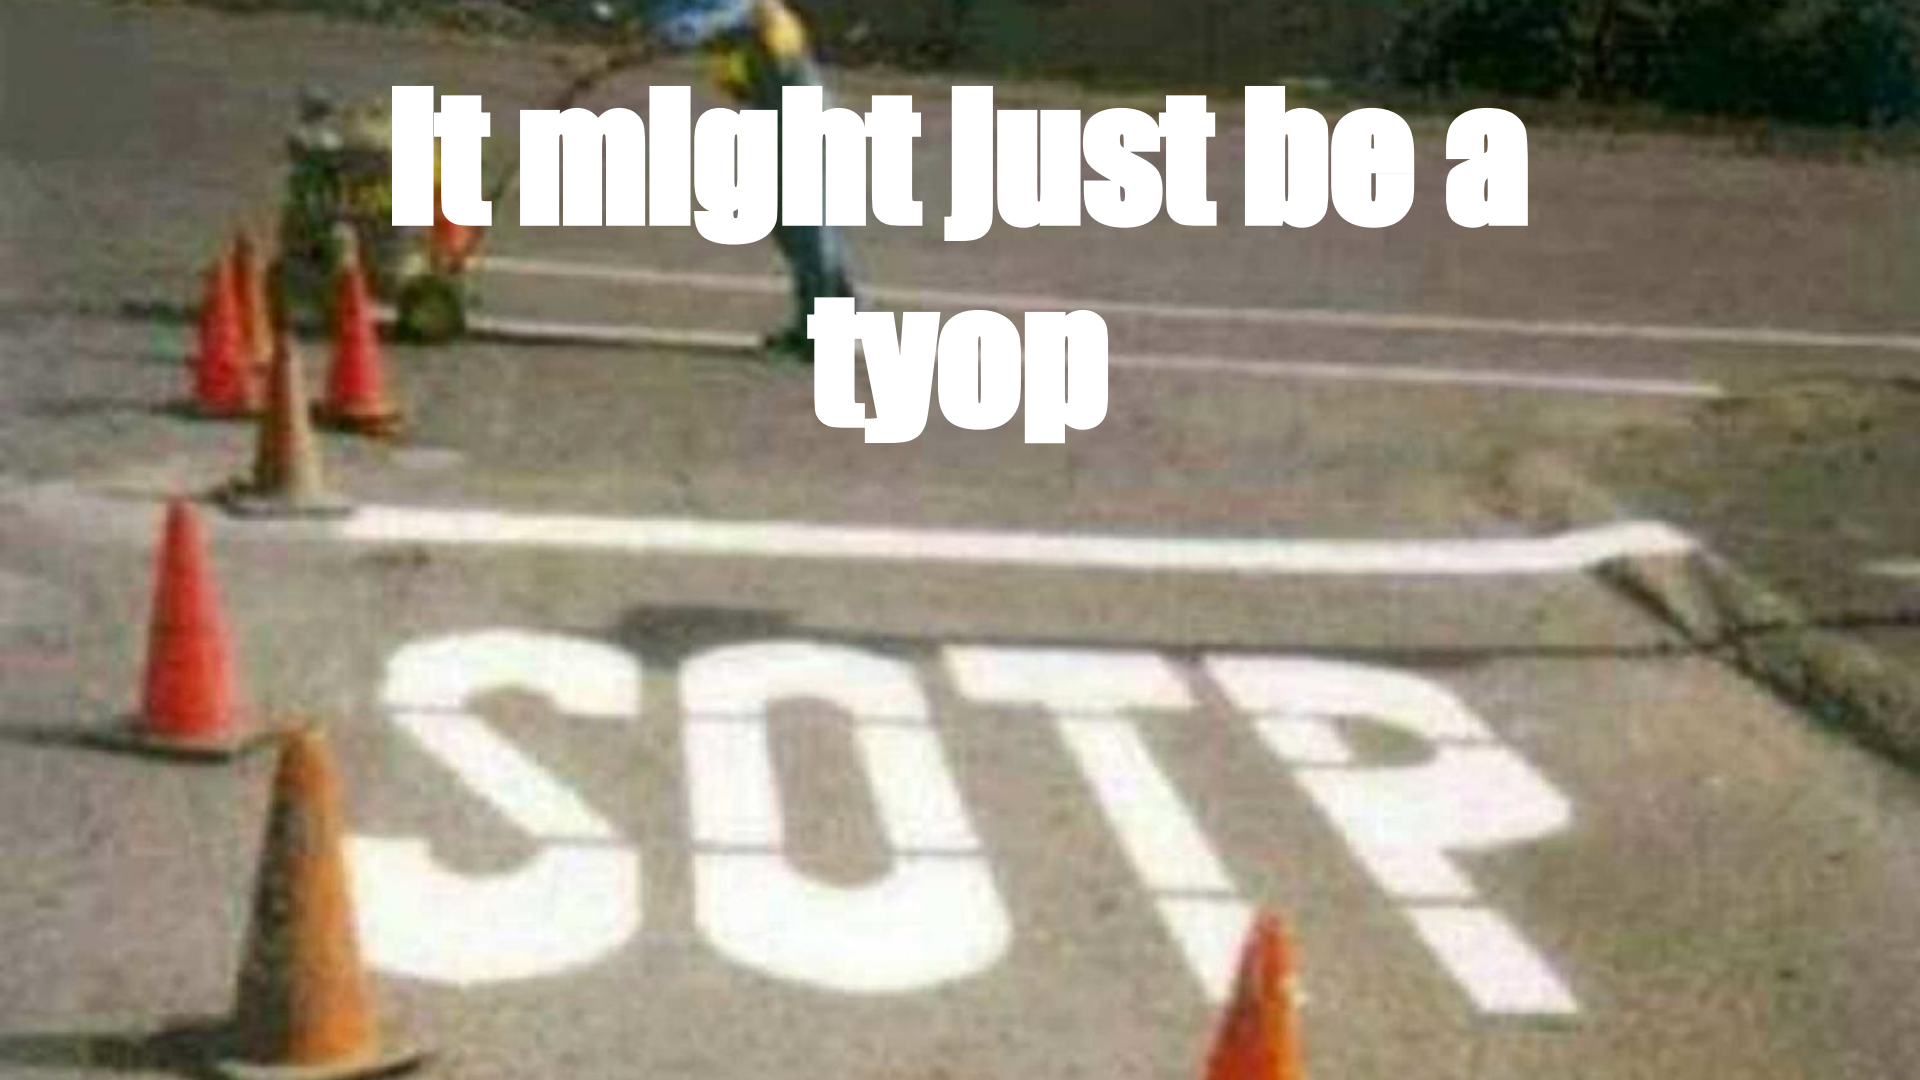

- 
- **We are kick starting this with our own stories!**
  - **But, we want YOU to step in and share your story with us**
  - **We have a surprise if you do!**

**Story Time!**

**It might just be a  
tyop**

**Or Valuable  
Data Loss!**

A photograph of a swimming pool with a blue inflatable border. In the center, a pair of black flip-flops sits on the water's surface. A white power strip is placed between the flip-flops, with a black cord extending towards a wooden table on the left and a white cord extending towards the bottom. The table holds various items, including bottles and a black object. A person's legs and feet are visible on the left, and another person's legs are in the background. The water is clear and blue.

**Sometimes  
you  
take risks!**

**Never happened  
In QA before!**

A photograph of a two-car garage with a stone exterior and a dark shingled roof. A large, thick tree trunk stands in the center foreground, partially obscuring the view of the garage doors. The garage doors are light-colored with small, dark rectangular windows. Two large black pots are visible on the driveway, one on each side of the tree. The scene is brightly lit, suggesting daytime.

**Integration is  
a challenge!**

**You are trying to**

**fix a problem**

**But**

**create another one!**

**And another one...**

**Hope this works!**

**Share your  
story!**
