

SUMMER OF CODE // 2010  
[code.google.com/soc](http://code.google.com/soc) Google

# What's GSOC?

- Program that offers student developers stipends to write code for various open source projects
- We applied and approved SIX student projects
- More info on GSOC:

<http://code.google.com/soc/>

# This year's org admins:

# This year's projects!

**Boxuan Zhai** - add MERGE command

**Joseph Adams** - Add JSON datatype

**Pavel Baros** - Materialized views

**Luis Ochoa** - Database designer (pgAdmin)

**Adeel Khan** - Database diff (pgAdmin)

**Leonardo Augusto Sapias** - Improve UX of  
phpPgAdmin

# Mentors

## Stand up, guys!

Guillaume Lelarge

Heikki Linnakangas

Jehan-Guillaume de Rorthais

Magnus Hagander

Dave Page

Robert Haas

# What can you do?

- Tell students that PostgreSQL is part of GSOC
- Help students on -hackers
- Be a mentor next year!
- Ask a mentor if you can help them now.

# Follow along!
