Challenge today's security thinking

 #RSAC

Order of discussion (guidelines, not code)

- ◆ Audience questions and comments on the two mock sessions
- ◆ Discussion among panelists on issues raised and not raised in the mocks
- ◆ Cross-border discovery and production
 - ◆ Where is it easy?
 - ◆ Where is it difficult?
- ◆ Will the resolution of cross-border disputes become easier or harder?
- ◆ Open the floor to hearsay and innuendo
